

Health Learning Partnership

NEWLY QUALIFIED GP EVENING

Tuesday 21st February 2017

The Bristol Nuffield Hospital

The Chesterfield, 3 Clifton Hill, Bristol, BS8 1BN

7.00pm buffet supper

Start at 7.30pm and close by 9.15pm

FREE to members and non-members!

- Monthly evening sessions specifically for GPs in the first 5 years after completing GP training.
- Facilitated, confidential small group environment for shared learning and peer support.
- Coordinated by Dr Pamela Curtis and Dr Anna Tilley, NQGs with insight into all the issues and challenges of starting work after training.

The format and content of these monthly sessions can be flexible depending on the needs and wishes of the group but will incorporate reflection on significant events and clinical practice, hot topics, external speakers, generic skills, career planning, preparation for appraisal...

Established NQGP groups are very welcome to attend and use the venue as a confidential meeting space to work independently in your group.

This month:

- 30 minutes informal Q&A

Miss Elisabeth Adams, Gynaecology Consultant - She has a particular interest in Urogynaecology, prolapse and incontinence surgery, mesh repairs and also childbirth injury to the perineum. She will see patients with general gynaecological issues, including chronic vaginal and bladder pain, psychosexual and couple issues and counselling regarding labial abnormality.

- **Small group discussion – Complex Cases** Please bring a difficult case with you to share with the group in a safe and confidential environment; whether to enlighten the group on a topic or to gain support and advice from your peers

Facilitators: Dr Anna Tilley
